The actress declared that she would not do so, as she had never included "Marie Stuart" in her reper toire. The Rosenfelds persisted; so did Sandrock. The Rosenfelds say that Sandrock will ppear to-pight, but at the Academy it hinted that "Marie Stuart" will be played without her. The new Fifth Avenue Theatre—this is the latest—is to be opened by a comic opera called "The Robbers of the Rhine," libretto by Maurice Barrymore, music began by Pullerton, of London (who died), and finished by Charles Puerner. Barrymore says that he originally wrote this comic opera for Marie Tempest and Fred Leslie, in England, but owing to some legal complications it was never produced. The scheme is fathered by Messra Pratt and Matthews, who, for some unaccountable reason, have been anxious to hang a veil of mysterious silence over the whole affair.

Woolson Morse and Cheever Goodwin go to Philadelphia to-day to see De Wolf Hopper about the new comic opera they are writing for him. It is not yet named. Mrs. Morse said yestorday that "Wang" has not yet been definitely disposed of when Hopper's lease of it has expired. The "deal" with Frank Sanger, by which that manager will send "Wang" out without Hopper is being considered.
